I wanna rot in the sun
I wanna rot in the sun
I wanna rot in the sun

this is a beautiful life
just 'cause it catches the light
gonna let it all slide
like butter on a warm night

this irrelevant high
this p-plentiful sky
y-y-your hair is blonde
but not the brow above your eye

I take my mouth off my foot
give up and I feel good
give up and I feel good
I'm gonna rot in the sun

in the sun
in the sun
rot in the sun
rot in the sun

dependable star
it pumps like a heart
you cut out the core
ignore the sweetest part

'cause it's here to impress
with perfect success
even at it's worst
you know it burns when it's best
no protection from the glare
and I don't care
I don't care
I'm gonna rot in the sun

in the sun
in the sun
rot in the sun
rot in the sun

it's round and smooth
a controllable cruise
get that match away from that fuse
'cause it might explode
and goodness knows
I don't wanna rock and tip and sink the boat
so everybody freeze
nobody sneeze
I'm stuck and stung by the summertime bees

AND WE WILL

rot in the sun
rot in the sun
rot in the sun
rot in the sun
in the sun
in the sun
in the sun
I'm gonna rot in the sun

(rot in the sun)
(rot in the sun)
I'm gonna rot in the sun
