The one i love
Your the one i love (2x)
The one i love
Your the one i love (2x)
I wanna show you all again
Wanna take us out on a ride
I wanna give you all i have, wanna drive us into the fire
If you're a thief i'd like to make a crime, come on
Who cares if it's right or wrong
With every move you make i give my full support
And i can't take it anymore
Cause i just want you close tonight
(Chorus)
I'll do what you like, Ooo
Take you out to the sky, let our hearts collide
I'll do what you like, Ooo
I can make you go wild, let our hearts collide
Cause your the one i love
Your the one i love (2x)
I'd head with you
Cause your the one i love
Your the one i love (2x)
I'd head with you
We can leave the world behind
Getting on in our secret place
Live in our fantasies, in a universe lost in space
Get ready now, gong high, rise come on
Make it up before the dawn
I feel alive going high, hold me close
Lovely lovely overdose
Cause we will see the stars tonight
(Chorus)
I'll do what you like, Ooo
Take you out to the sky, let our hearts collide

I'll do what you like, Ooo
I can make you go wild, let our hearts collide
Cause your the one i love
Your the one i love (2x)
I'd head with you
Cause your the one i love
Your the one i love (2x)
I'd head with you
(2x)
I'll do what you like, Ooo
Take you out to the sky, let our hearts collide
I'll do what you like, Ooo
I can make you go wild, let our hearts collide
(2x)
