Mist all around  
There's no light in their minds  
Beauty has no shape  
Unseen, unrevealed  
Heaven is clear  
Like the chill of temptation  
Curiosity is hell  
Believe

Lies rule the game  
They're the hands of subjection  
Trust what is said  
Human nature is frail  
Slavery is done  
By the brightness of the sun  
Beyond the stars  
The dark

Believe in love  
The simplest thing you've to learn  
Get rid of thoughts  
That can be like thorns

Watch the sky  
Through the eyes of fear  
As now you have learned the right - Man

It must be hard to believe

Happiness just a memory  
Now, just a whisper in eternity  
Trying everyday  
To understand  
What is the future  
The Fate has been drawing for us?

Now We Are, we're living in a lucid storm  
Finally our boundaries are overcome  
We are dreaming of a better place  
Where heart and mind unite

Solo - La Russa

Happiness just a memory  
Now, just a whisper in eternity  
Trying everyday  
To understand  
What is the future  
The Fate has been drawing for us?
