I don't mean to pry  
But I'm seeing signs I can't ignore  
You've been holding something deep inside  
And I can't keep quiet anymore

Of the urgency, I'm well aware  
I'll take you anywhere  
If you're dissatisfied

Let's just drive  
Take a deep breath and I swear  
Everything will be alright

Let's just drive  
Until it gets us somewhere  
Even if it takes all night  
Let's just drive

I know you thought we were the same  
We're two different kinds  
I've been following a narrow lane  
You follow yours where it winds

Now it's time to get in gear  
I'll take you far from here  
If you're dissatisfied

Let's just drive  
Take a deep breath and I swear  
Everything will be alright

Let's just drive  
Until it gets us somewhere  
Even if it takes all night  
Let's just drive

Let's just roll away tonight  
Let's just roll away until we get it right

Let's just drive

Let's just drive

Take a deep breath and I swear  
Everything will be alright

Let's just drive  
Until it gets us somewhere  
Even if it takes all night  
Let's just drive

Let's just drive
