Listenin' to this  
I'm transcending English  
Something's bigger  
Than the national hymn

If you're thick, too thin  
Green, blue or pinkish  
Hum together with a cellophane skin  
A holy karaoke, prayer in stereo

Here it comes, here's to You  
An international anthem is overdue  
Here's to You

To the kings and queens  
And all the president's men  
It doesn't matter if you're strong  
King Kong

Lose the things  
Between yourself and Heaven  
And then, when you're ready  
You can hum along  
A holy karaoke, prayer in stereo  
From down here below

Here it comes, here's to You  
An international anthem is overdue

Here's to You  
From down to here below  
In gratitude from Coco to Moscow  
We hope you're pleased  
With these rhyme schemes  
And musical score like never before

Here it comes, here's to You  
An international anthem is overdue

Here it comes, here's to You  
An international anthem is overdue  
Here's to You
