They make you cry  
Make you sigh  
Trick you into love

I'm in my car  
Chasing stars  
Falling from above

There's a perfect melody  
For every memory  
Tell me what's your frequency

I'm turning  
I'm burning  
Soul searching  
For Jesus on the radio  
I'm reaching  
Believing  
I'll be receiving  
Jesus on the radio

I'm listening  
It's deafening  
This silence in the dark

I need your sound  
To come and drown  
The static in my heart

When everything is wrong  
I hear your song  
It's like you're here with me

I'm here waiting  
God I'm waiting
