I am royalty
Born into high authority
I hope I never let you down

As I walk in this parade
I am not afraid - Oh no

Chorus:
We're the Kings and Queen
Of vacant little towns
With castles crumbling down
We're the Kings and Queens
The lost who have been found
Just waiting to be crowned

I was the epitome
The jester of stupidity
Until you turned my life around

As I watch the world's charade
I am not afraid - oh no

Repeat Chorus

We will go from rags to riches
Turn from toads right into princes
Claim the throne as ours to reign

Repeat Chorus
