I'm living in the same old skin  
Inside I got a whole new spin  
I'm never gonna change my made up mind

When the skies have turned to rain  
I won't hide what I contain  
It'll be alright I've seen the light  
It guides me on my way

Chorus:  
Let it rain on me  
Let it rain on me  
Let it rain down on me  
I'm gonna shine

No way I'm gonna lose control  
Now that you've come to save my soul  
Nobody's gonna change the way I shine

When the sky has lost it's blue  
I know I will make it through  
It'll be alright I've seen the light  
I depend on you

Repeat Chorus

I won't go back again  
Oh that's just fine  
With you until the end  
My light will shine

Repeat Chorus
