You're sucking power from the Vegas strip
Just to keep one lousy light bulb lit
How long are you gonna drag this out
I think you think it's all OK
I think you think you still got game
I think it's time to shut this down

Light out, lights out
Say your sayonara
It's gonna hurt tomorrow
Lights out, lights out
You can thank me later but babe
You're gonna hate me now

I'm sick and tired of you talking smack
You always want your monkey back
I'll put your money where your mouth
Is nothing getting through to you
There's nothing harder than the truth
One punch will drop you to the ground

Yeah yeah yeah yeah
Yeah yeah yeah
