I don't propose that we preserve
All the world inside a fragile ball of glass
'Cause I'm the first to throw the curve
Bringin' all that perfect ball down in a crash
Oh, it's that feelin' comin' back again
Turnin' earth around and pounding sirens in my head
Well there's only one cure that I know for sure
And it goes on and on
It goes on and on
Chorus:
And when it all is said and done
Until the end
Yes, You're the only one
And when the world is in reverse
You're the Saviour of my universe
I don't suppose I'm prone to trouble
Though I always do the very best I can
My universe a leaky bubble
Pinned by a friend
And then only did it expand
Oh, it's that feelin' comin' back again
Turnin' earth around
And pounding sirens in my head
Well there's only one cure
That I know for sure
And it goes on and on
It goes on and on
Repeat chorus
