I wrote this song today
Pool side at Flamingo Bay
Underneath the coconut trees

This sun-baked symphony
A little ditty with a melody
Drifted to me on a summer breeze

It's strange, change in the weather
Makes your mood sway
Remember every word I say

Love, baby, love
This is my theme from summer
Winter, spring and fall

Love, baby, love
In July, August or December
Anytime at all

It's never simple, dear
To be in summer cheer
Underneath your Gortex and furs

If your colors fade in the wash
Of the sleet and snow in Oshkosh
Just keep it cool in all temperatures

It's strange, change in the weather
Makes your mood swing
Repeat this chorus that I sing

Love, baby, love
This is my theme from summer
Winter, spring and fall

Love, baby, love
In July, August or December
Anytime at all

Touche, you've hit me with a powerful tune
Touche, the pettiness of my croon

When skies are gray, try this cliché

Love, baby, love
This is my theme from summer
Winter, spring and fall

Love, baby, love
In July, August or December
Anytime at all

Love, baby, love
This is my theme from summer
Winter, spring and fall

Love, baby, love
In July, August or December
Anytime at all

Theme from summer
Love baby love
[Incomprehensible]
