Freckles and eyes of brown  
I'll take a big patty of cow  
Beautiful pearly statue  
I couldn't eat meat without you  
You're my little indian princess  
Little indian princess  
Little indian princess

Took her off the vegetation  
Took her by the arm  
Selling e coli burgers  
Couldn't do no harm

You're my little indian princess  
Little indian princess  
Little indian princess  
Took her off the vegetation  
Took her by the arm  
Selling e coli burgers  
Couldn't do no harm  
I'd use any reason  
I'd use any trick  
Just to spend my loose change  
On a fist sized ice cream cone at dick's

Little indian princess  
Little indian princess  
Little indian princess  
Little indian princess
