Lump sat alone in a boggy marsh  
Totally motionless except for her heart  
Mud flowed up into lump's pyjamas  
She totally confused all the passing piranhas  
She's lump she's lump  
She's in my head  
She's lump she's lump she's lump  
She might be dead  
Lump lingered last in line for brains  
And the ones she got were sorta rotten and insane  
Small thing's so sad that birds could land  
Is lump fast asleep or rockin' out with the band

She's lump she's lump  
She's in my head  
She's lump she's lump she's lump  
She might be dead  
Lump was limp and lonely and needed a shove  
Lump slipped on a kiss and tumbled into love  
She spent her twenties between the sheets  
Life limped along at subsonic speeds

She's lump she's lump  
She's in my head  
She's lump she's lump she's lump  
She might be dead

Is this lump out of my head I think so  
Is this lump out of my head I think so  
Is this lump out of my head I think so  
Is this lump out of my head
