

## Pressure 4-5 "Beat the World"

Try to use a better piece of your mind  
But you're inside out  
And the whole worlds there to see you  
Does it make you want to think  
About the tragic things in this life  
If you want to cry  
Its hard to deny  
That it makes me want to die  
For the madness that's in this world  
If you want to die  
Well it's over now

If you want to beat the world  
It might reach up and pull you down  
If you want to find the way  
The door is locked  
The key is rusted  
So break away from all these chains that bind you, cut  
you at the wrists  
Or does it make more sense to just go  
And make the scar yourself  
Because you like to see it bleeding  
And you like the color red  
But youve seen the light  
Through the hate and all the lies  
And the madness that's in this world  
If you want to die  
Well it's over now  
If you want to beat the world  
It might reach up and pull you down  
If you want to find the way  
The door is locked  
The key is rusted  
Too rusted ,to find a way  
Too rusted ,to find a way  
I gotta find

If you want to beat the world  
It might reach up and pull you down  
If you want to find the way  
The door is locked  
The key is rusted now

Rusted  
Rusted!
