"Obsessed"

" My whole ambition is for love "
Time and time again I've tried,
To hide these feelings deep inside,
I've lost control.
Time and time again I've lied,
Promised myself to break these ties,
I can't let go.
Obsessed with your soul,
Obsessed with your soul.
" Give yourself up to me "
Time and time again I've cried,
Been a fool and lost my pride,
And I won't let go.
Time and time again I hide,
The desire you deny,
To have to hold
Obsessed with your soul,
Obsessed with your soul.
Obsessed with your soul,
Obsessed with your soul.
" Give yourself up to me "
I want you I need you,
To have and control,
I'll possess you and keep you,
Never letting you go
Never letting you go X6
Give yourself up to me.
" My whole ambition is for love "
" Give me a kiss " X4
The road
I'm going down the road,
Going away to leave ya,
Down the road I'm gone.
