I see you crawl through the day

I see you blocking your way
I see you draining your fountain
I see you run from the mountain

I try to open the door

What can I do?
I try to clear where you step
What can I do?
I try to hold up the mirror
What can I do?
You've been there before
Your destiny called
What can I do for you?
What can I do for you?

Why hide your fear in your heart

Why hold my tear in your cup
Don't slap my hand away
'Cause then what can I do?

I see you building a maze

I see you walk in a daze
I hear you shout when you're quiet
I see it all when you hide it

I try to open the door

What can I do?
I try to clear where you step
What can I do?
I try to hold up the mirror
What can I do?
You've been there before
Your destiny called
What can I do for you?

Why hide your fear in your heart

Why hold my tear in your cup
Don't slap my hand away
'Cause then what can I do?
