[Spoken]

I surround myself with like, amazing  
Talented incredible f\*cking people  
And I see these people that are like,  
Capable of doing like, miraculous things

Inhibited by their significant others  
And it's bullsh\*t, I'm over it

Who are you to tell me  
What I can and cannot do  
These words you're sayin to me  
They just sound more like you, more like you

No, don't fall in love  
If you don't think you measure up  
Cuz I give up  
Don't tear me down to build me up

Tell me about myself  
(We are the the talents in the relationships)  
Tell me about myself  
(We are the the talents in the relationships)  
Tell me about myself  
(I think that you are a brilliant artist, a brilliant artist)

You wanted me cuz you know I'm bad  
The realest damn woman that you ever had  
But what you loved in me you couldn't see in yourself  
So you started to turn me into somebody else

You told me how to talk  
You told me what to do  
But if I listened to it  
I'd be a snob like you, a snob like you

No, don't fall in love  
If you don't think you measure up  
Cuz I give up  
Don't tear me down to build me up

Tell me about myself  
(We are the the talents in the relationships)  
Tell me about myself  
(We are the the talents in the relationships)  
Tell me about myself  
(I think that you are a brilliant artist, a brilliant artist)

Love can be lethal  
They get in your mind  
Wake up the people  
They're dying inside  
Nowhere to run  
We've got nowhere to hide  
We stay and we pray  
But the pain won't subside

No, don't fall in love  
If you don't think you measure up  
Cuz I give up  
Don't tear me down  
To build me up

Tell me about myself  
(We are the the talents in the relationships)  
Tell me about myself  
(We are the the talents in the relationships)  
Tell me about myself  
(I think that you are a brilliant artist, a brilliant artist)

I'm over it  
I'm over it  
I'm over it
