Want me to intoxicate you
(Inhale me)
Maybe I can elevate you
(Don't fail me)
Just this once I'll demonstrate
If you just close your eyes
Let me take your hand
Till you understand
Just how thin a disguise
You're wearing

If you want it like I got it
Then let this be hypnotic
Enhanced, you'll feel erotic
Get high like a narcotic
Relax, it's psychotropic
Hallucinate, exotic
Escape into melodics
Then ride it like hydraulics

She said, please...
Give me just one more hit
Just one more
Please (come on)
Please, please

I know what your body's cravin'
(Exhale me)
Nothin' wrong with misbehavin'
(Don't fail me)
I know you only got a taste
But I promise you'll get high
When you feel the slip of my fingertips
Move slowly to your thighs

If you want it like I got it
Then let this be hypnotic
Enhanced, you'll feel erotic
Get high like a narcotic
Relax, it's psychotropic
Hallucinate, exotic

Escape into melodics
Then ride it like hydraulics

She said, please...
Give me just one more hit
Just one more
Please (come on)
Please, please

If you want it like I got it
Then let this be hypnotic
Enhanced, you'll feel erotic
Get high like a narcotic
Relax, it's psychotropic
Hallucinate, exotic
Escape into melodics
Then ride it like hydraulics

She said, please...
Give me just one more hit
Just one more
Please (come on)
Please, please
