Check it out goin' out on a ladies night looking tight
feeling nice it's a look that's fly I can tell,
I just know its gonna go down tonight at the door we
don't wait cause we know them at the bar six shots
to begin with that's when he put his feelings on me
but you see I'm not here for your entertainment you
don't really want to mess with me tonight just stop
and take a secound I was fine before you walked into
my life cause you know it's over before it began keep
your dreams just give me the money just you and your
head tonight, midnight
