Death unlamented, the dead unburied  
Dead bodies decomposing and stinking like dung  
All the killed and starved corpses  
Served up as meals for carrion crows and mongrel  
dogs  
The famous and obscure will die alike here  
No funerals will be conducted  
No one will say "I'm sorry"

[Chorus:]

(Because) you are criminals  
After all you've done to our God  
You will be treat like this:  
Assigned to die - (go and) - Die!  
Assigned to war - (go and get) - Killed!  
Assigned to starve - (go) - Starve!  
Assigned to exile - (off to) - Exile (you will go)

There's a signed the death warrant on all  
The children born in this country  
The mothers who bear them  
And the fathers who beget them  
An epidemic of death  
No one feel sorry for you  
No one will waste a tear

[Chorus]

Four kind of punishment will be your fate:  
Death in battle and corpses  
Dropped off by killer dogs  
The rest picked clean by vultures  
The bones gnawed by hyenas  
I will grab you and hit you hard, because you left God  
Turned your back on Him, and walked away

[Chorus]
