No wonder I'm scared to look in your eyes  
You've turned me away so many times  
You can take it away at any given moment  
And it's hard to believe while you're in this disguise

So would you hold me please?  
I'm trying hard to breathe  
I'm just surviving  
So would you hold me please?  
I'm trying hard to breathe  
Stop me from crying

When I see you walking with him  
I have to cover my eyes  
Every time you leave with him  
Something inside of me dies  
Inside of me dies

No wonder it hurts to sit by your side  
There's a different song I can play you tonight  
We can break the pattern and we can change the color  
And you don't need to worry about the others

So would you hold me please?  
I'm trying hard to breathe  
I'm just surviving  
So would you hold me please?  
I'm trying hard to breathe  
Stop me from crying

When I see you walking with him  
I have to cover my eyes  
Every time you leave with him  
Something inside of me dies  
Inside me dies

When I see you walking with him  
I have to cover my eyes  
Every time you leave with him  
Something inside of me dies  
Inside me dies
