Said you'd gonna be here in a minute
Sitting in the mirror getting ready
Gotta look my best if we're gonna break up
Gotta look my best if we're gonna break up

I can hear you knocking at the front door
And I know exactly what you came for

Trying to say goodbye but it's hot and heavy
Trying to say goodbye but it's hot and heavy

You touch me and it's breaking me down,
Me down, me down, me down
I'm telling you let's just give it up and get down,
Get down, get down

So come on won't you give me something to
remember?
Baby shut your mouth and turn me inside out
Even though we couldn't last forever, baby
You know what I want right now

Hit me one more time it's so amazing
How you shook my world and flipped it upside down
You're the only one who ever drove me crazy
Cause you know me inside out
Inside out

I know that we probably shouldn't do this
Wake up in the morning feeling stupid
Said that we were done but you're all up on me
Said that we were done but you're all up on me

Tell me how we got in this position
Gotta get you out my system
Trying to let you go but it's not that easy
Trying to let you go but it's not that easy

You touch me and it's breaking me down,
Me down, me down, me down
I'm telling you let's just give it up and get down,

Get down, get down.

So come on won't you give me something to
remember?

Baby shut your mouth and turn me inside out

Even though we couldn't last forever, baby

You know what I want right now

Hit me one more time it's so amazing

How you shook my world and flipped it upside down

You're the only one who ever drove me crazy

Cause you know me inside out

Hit me one more time it's so amazing

How you shook my world and flipped it upside down

You're the only one who ever drove me crazy

Cause you know me inside out

Inside out

Inside out

Inside out
