All of these lines  
All of these lines

Waited for hours watching the day go by  
I'm calling your name but you're nowhere in sight  
Holding off for a piece of Heaven  
Standing blinded closing off the space I'm in

All of these lines  
Are coming down tonight  
And let your walls cave in  
Let the world around you die  
And all this life you knew  
You tear it up tonight  
Just open up your eyes  
And take it in this place of paradise

All of these lines  
All of these lines

Hoping for someone closing your eyes at night  
You're praying to God and you don't know why  
Trying to find your piece of Heaven  
Standing blinded closing off the space you're in

All of these lines  
Are coming down tonight  
And let your walls cave in  
Let the world around you die  
And all this life you knew  
You tear it up tonight  
Just open up your eyes  
And take it in this place of paradise

And if you let go and see that you're falling  
You'll find your way back home  
And if you fall down and see that you're bleeding  
You'll find your way

All of these lines  
All of these lines

And all this life you knew  
You tear it up tonight  
Just open up your eyes  
And take it in this place of paradise  
And take it in this place of paradise  
And take it in this place of paradise
