I can't believe what you said to me
Last night when we were alone
You threw your hands up
Baby you gave up, you gave up

I can't believe how you looked at me
With your James Dean glossy eyes
In your tight jeans with your long hair
And your cigarette stained lies

Could we fix you if you broke?
And is your punch line just a joke?

And I'll never talk again
Oh boy you left me speechless
You left me speechless, so speechless

And I'll never love again,
Oh boy you left me speechless
You left me speechless, so speechless

And I can't believe how you slurred at me
With your half wired broken jaw
You popped my heart seams
On my bubble dreams, bubble dreams

I can't believe how you looked at me
With your Johnnie Walker eyes
They're gonna get you and after they're through
There's gonna be no love left to rye

And I know that it's-a complicated
But I'm a loser in love
So baby raise a glass to mend
All the broken hearts
Of all my wrecked up friends

And I'll never talk again
Oh boy you left me speechless
You left me speechless, so speechless

And I'll never love again,
Oh boy you left me speechless
You left me speechless, so speechless

And after all the bars and the drinks that we've been
through
Could you give it all up?
Could you give it all up for you?

And after all the boys and the girls that we've been
through
Could you give it all up?
Could you give it all up?

If I promise boy to you
That I'll never talk again
And I'll never love again
I'll never talk again
Oh boy you left me speechless
You left me speechless, so speechless

And I'll never love again
Oh boy you left me speechless
You left me speechless, so speechless
I'll, I'll, I'll
I'll, yeah, you left me speechless
Oh so speechless, oh oh
