Keep rockin we gone, keep rockin we gone
Keep it rockin we on, keep rockin we on
Remember days that we do, yeah
Remember days that we do, yeah
Remember days that we do,
Remember days that we do,
Nobody do it like you

Yeah, it's been a while, since you came around
I really miss your smile, hey
Simple as it seems, it's only black and white
Without you in my life
Since we said goodbye
Baby you've been on my mind, my mind

[Chorus]

How do I tell her, I don't love her like we do
I'm still in love with you
How do I let her know, gotta let her go, whoa
Damn I miss my ex, o
Damn I miss my ex

Still I think about, what we could be right now
We could right our wrongs, whoa
You found somebody else, but he can't tie you down
And my new chick can't compete
Since we're such about, you've been on my mind
Oh why, oh why, yeah

[Chorus]

How do I tell her, I don't love her like we do
I'm still in love with you
How do I let her know, gotta let her go, whoa
Damn I miss my ex, o
Damn I miss my ex

Emotions, comotion, the notion is to stay open
Everyday I hold the 5th call me bethoveen
Symphonies without symphaty, memories seem to visit
me
When I pass tiffany's

The distance between you and I, true alive
For instance you need situations you rely
1, you said that your love would never run
2, you did the things that you do
3, the change and you get said I see
4, silly game so insecure
When you was in the open was when I closed the door
So I can move on, I got sober for
Another cruel winter, I remember that december
Our anniversary, we made it through adversity
The worst of me is coming out
It's hard to watch you, time is running out
Don't know what to do, yo, I'm done without my ex

[Chorus]

How do I tell her, I don't love her like we do
I'm still in love with you
How do I let her know, gotta let her go, whoa
Damn I miss my ex, o
Damn I miss my ex.
