Stretching out to catch
Stretching out to catch
Stretching out to catch
The slender message

Angelica, I want you
Angelica, I want you
Angelica, I want you
Angelica, I want you

Angelica, I want you
Angelica, I want you
Angelica, I want you
Angelica, I want you

Crashing down
Crashing down
Crashing down
In a shower of sparks

Crashing down
Crashing down
Crashing down
In a shower of sparks

The civilized gentleman
The civilized gentleman
The civilized gentleman
Is gonna be nice

The civilized gentleman
The civilized gentleman
The civilized gentleman
Isn't gonna be nice

To you tonight
To you tonight
To you tonight
Unless you pay me

Pay me good

Pay me well
Pay me with
A trip to hell

She reaches for him in a jealous moment
She reaches for him in a jealous moment
She reaches for him in a jealous moment

I've got a verbal caress
I've got it, I've got it here in my mouth
It's here for you and I'll share it
My tongue is wet
My tongue is wet
This verbal caress is gonna get wet

Angelica I want you
Angelica I want you
Angelica I want you
Angelica I want you

Little Johnny, ginseng jumped on the jelly roll
I saw him looking down the
Falling on the bowling alley
Look out Jimmy, your father's inside

Angelica, Angelica, Angelica, stop making up those lies
Angelica, Angelica stop making up those lies
