According to my calculations
It ought to be around here somewhere
In spite of human limitations
My estimation is it's out there

Don't get cute with me
Expecting mutiny

Here is the object
Here is the logic
This is the subject
Is that what you wanted ?
(Listen to me)
I'll do what you want

Never mind your reputation
Just get in fast and get out faster
What we need is concentration
Or the creation of disaster
And don't be close to me
It aint necessary
This is the limit
This is the finish
This is the limit
The modules diminish
(Listen to me)
I'll do what you want

Here is the object
Here is the logic
This is the subject
Is that what you wanted ?

Postpone all the celebration
Get on quick and get off quicker
Listen, for your information
In this situation we must not bicker
Don't put the blame on me
It's the same for me
This is the limit
This is the finish

This is the limit
The modules diminish
(Listen to me)
I'll do what you want

Here is the object
Here is the logic
This is the subject
Is that what you wanted ?

According to my calculations
It ought to be around here somewhere
