An open door
An extended hand
What can I say
I understand

She talks like a bird
Yet she walks like a man
She'll be here tonight
I understand

She hunts in a pack
Yet she ends up alone
She tells you it's not alright darling
Why'd you worship that stone?

Hold me closer lady boy
There's a rope that's dragging you out of this world
It doesn't care if you're heavy girl

Hold me closer lady boy
If you look, you can see that it's just you and me
There's nothing left of our world

So you think it's a sin
I bet it's a miracle
You think that you're safe
I tell you, you're critical

The merciless Gods
Who sometimes pour down their scorn
They cannot die
And also cannot be born

Hold me closer lady boy
There's a rope that's dragging you out of this world
It doesn't care if you're heavy girl

Hold me closer lady boy
If you look, you can see that it's just you and me
There's nothing left of our world

An open door
An extended hand
What can I say
I understand
I understand
I understand
I understand

Hold me closer lady boy
There's a rope that's dragging you out of this world
It doesn't care if you're heavy girl

Hold me closer lady boy
If you look, you can see that it's just you and me
There's nothing left of our world
