Standing in a room full of diamonds
I don't know which way to turn
Girlfriend's in the next room with her boyfriend
She's handing out the keys
Silence to the underdog
The one who don't get a job
Talks about the boys in her life
I don't believe a single word she says

And she's lying and crying, lying and crying
What am I supposed to do
You don't know what you've got 'til it's gone
Why did she have to leave so soon

I used to be in love though not the first time
It was the daughter of the mayor (man ?)
She talks about the men in her life
I don't believe a word
'Cause she's lying, crying, lying, crying, lying, crying,
lying, crying
She's lying and crying, crying
What am I supposed to do
You don't know what you've got 'til it's gone
Why did she have to leave so soon

Standing in a room full of diamonds
I don't know which way to turn
Girlfriend's in the next room with her boyfriend
She's handing out the keys
She's lying and crying, crying, lying and crying
Room full of diamonds
