That's not honest  
Nothing you've said  
Why don't you tell someone  
Who'll believe you instead?

'Cause I got this feeling  
Is it what they call deja vu?  
I'm nodding my head, yeah  
I don't believe you

If you lie to me again  
If you lie to me again  
If you lie to me again

If you lie to me again  
If you lie to me again  
If you lie to me again, oh

I don't even care  
So, there's nothing to defend  
It's so long winded  
Like a story without an end

This elaborate yarn  
You left behind like a breadcrumb trail  
It's too hard to find  
The way out of your fairytale

If you lie to me again  
If you lie to me again  
And you say that you're my friend  
And you take me to your bed

As somebody else instead  
And I wonder where you've been  
And the other one began  
If you lie to me again, oh

Oh, don't take me there  
Please, I do thee implore  
Spare me the details  
The entrails and the gore

I can see there's a point  
You want to drag me in  
To impress me and depress me  
With your web of sin

If you lie to me again  
If you lie to me again  
If you lie to me again

If you lie to me again  
If you lie to me again  
If you lie to me again

If you
