I used to look to the yes man  
To justify my plans  
I thanked him when he lied to me  
I gladly shook his hand  
Now it's plain to see  
Such empty reverie  
Is about as sweet as a nectar gone bad

I used to look to my idol  
To lead my ship ashore  
I was determined to believe  
Every prayer's accounted for  
Now it's plain to see  
Only the wind was listening  
And I got to ride this tide once more

Back to the other side of zero  
Which card shall it be?  
A compliment or an insult  
It's all just the same to me, to me  
Whatever shall be shall be

I used to hide from the future  
Like a child running from the tide  
I could dream of nothing darker  
Than to look fate in the eye  
So scared of the worst  
That the best just passed me by

And the grass ain't always greener  
On the other end  
First you got to make it over  
Just to see how sweet it's been  
Just when you think you've hit  
It's time to roll the dice again  
And again and again and again

Back to the other side of zero  
Which card shall it be?  
A compliment or an insult  
It's all just the same to me

Whatever shall be shall be

Whatever shall be  
Whatever shall be  
Whatever shall be shall be

Oh whatever shall be  
Whatever shall be  
Whatever shall be shall be

Oh whatever shall be  
Whatever shall be  
Whatever shall be shall be

Whatever shall be  
Whatever shall be  
Whatever shall be shall be
