Just look at me as if for the first time
I'm not leaving til you let me in
I'm dressed like a present that's no longer wanted
A face full of blush and I'm brokenhearted for you, ooh
Yeah I'm brokenhearted for you, ooh

And take me on like we're just beginning
No no no don't be cruel, I wanna take my bidding
You'll ask for a smoke and then you'll take it back
I'll even feign surprise when you drop my hat, ooh

[Chorus]

Don't have to wonder what they're laughing about
Only matters if you swallow it down
I don't care about what anyone believes
I only care about you and me
And if we never understand a thing
Only gets you if you let the stuff sink in
I don't care about what anyone believes
I only care about you and me
I only care about you and me

So tell that joke that's no longer funny
Yeah I'll be eying that wine in no time honey
And maybe later on if we still remember
You can be king underneath my covers, ooh
I'm brokenhearted for you, ooh

And oh I know, you're just as green as the day I met
you
You can tell me no, but it sure is good to see you

[Chorus]

Don't have to wonder what they're laughing about
Only matters if you swallow it down
I don't care about what anyone believes
I only care about you and me
And if we never understand a thing
Only gets you if you let the stuff sink in
I don't care about what anyone believes
I only care about you and me

And if we never understand a thing
It only gets you if you let the stuff sink in
I don't care about what anyone believes
I only care about you and me
I only care about you and me
