Don't give up on your love x4

I see the look in your eyes
Playing disguise you simply frozen hypnotize
You got to take a stand the Joy is now
Don't let anyone don't lose your bound

Chorus

Don't give up
Don't give in
Find the freedom that love can give
Don't give up
Don't give in
... by the fire within
Imagine the crazy might make... when I am excited
Imagine you upside down make you feel like you are
losing your mind
Don't give up
Don't give in
Find the freedom that love can give
Don't give up

You got that simple look
You are reading a book
You wonder if love has not pass you by
Don't believe all the lies
Don't compromise
You simply got it in your life

Chorus

Don't give up
Don't give in
Find the freedom that love can give
Don't give up
Don't give in
... by the fire within
Imagine the crazy might make... when I am excited
Imagine you upside down make you feel like you are
losing your mind
Don't give up
Don't give in
Find the freedom that love can give

Don't give up

Love will keep you running
Always keep your turning
Love will keep you running
Love will keep you running
Always keep your turning
Love will keep you running
