Nighttime is so beautiful.  
Nighttime is so promising.  
Turn from thoses letters, tell me lies.  
Oh night, amaze me, give me up.  
Something to gate, shut me off from you.

Nighttime convinces  
Me you're good.  
Mornin, I wish I  
Understood.  
I'll turn from these letters, tell you lies.  
Oh night, amaze me, give me up.  
Something to gate, shut me off from you.

Close the door on nothing.  
You can't have character if you're nothing.  
Dusty at nighttime, during the day.  
It's hard to read you either way.  
Turn from thoses letters, tell me lies.  
Oh night, amaze me, give me up.  
Something to gate, shut me off from you.

Turn from thoses letters, tell me lies.  
Oh night, amaze me, give me up.  
Something to gate, shut me off from you.
