Got no money.  
Got no money, and it's so sad.  
Go out honey.  
Go out honey, it's not so bad.

What I'm asking of you,  
what I need you to do,  
Take a lesson from me,  
Pay attention you see.

Do a cha-cha.  
Do a cha-cha, and it's okay.  
I'm your mama.  
I'm your papa, I'm your payday.

What I'm asking of you,  
what I need you to do,  
Take a lesson from me,  
Pay attention you see.

Keep a smile on your face,  
Walk right into the place  
It's totally free.  
Keep a smile on your face,  
Walk right into the place  
It's totally free.

Yeah! If you could remember, if you just try.  
Yeah, I'll let you go slowly, you take your time.

Keep a smile on your face,  
Walk right into the place  
It's totally free.  
Keep a smile on your face,  
Walk right into the place  
It's totally free.

What I'm asking of you,  
what I need you to do,  
Take a lesson from me,  
Pay attention you see.

What I'm asking of you,
