lifting, a man is drifting
i am very pleased, to see the birds up in the tree's

knowing but never showing
i could fly as high as bee's

meeting a heart is beating
move across the floor, it's never felt like this before

feeling my sense is reeling
in our dreams ill lock the door

(chorus)
mary - jane (ive been looking all my life and now i
found you)

mary - jane (although i know that other people hound
you
)

mary - jane (the secret sacret in my vains)

mary - jane (the name the dream the dream the name
the name the name)

feel free something inside me
thrilling at the sound, i hear her voices all around

take up i'll never break up'
with the dreams that i have found

(chorus)
mary - jane (ive been looking all my life and now i
found you)

mary - jane (although i know other people hound you
)

mary - jane (the secret sacret in my vains)

mary - jane (the name the dream the dream the name

the name the name)

lifting a man is drifting
i am very pleased, to see the birds up in the tree's

knowing but never showing
i could fly as high as bee's

lifting a man is drifting
i am very pleased.. .
