Hello, I'm neurotic  
Creating problems that don't exist  
Don't believe me when I say it's alright

Lets go to my apartment  
We'll pull the sheets up over our heads  
Forget all the reasons to go outside

Beats pulse, they're automatic  
Locked inside of my apartment  
Make confessions with the television on

Hello, I'm neurotic  
Creating problems that don't exist  
Don't believe me when I say it's alright  
and I'm fine.

Lets go to my apartment  
We'll pull the sheets up over our heads  
Forget all the reasons to go outside

Beats pulse, they're automatic  
Locked inside of my apartment  
Make confessions with the television on

Hello, I'm neurotic  
Creating problems that don't exist  
Don't believe me when I say it's alright,  
I'm fine!
