Waiting, wondering
While trying to own up, if I find the words
Apologies are useless
Without an address to send them to

Waiting, wondering
How long you could be missing
From my life without a clue

I've racked my brain
About a hundred times a day
I'm confused by everything
I've used my means, I'm still uncertain

Now it boils down to one big question
Are we separated by five states
Two countries
Or the next town over

Sad girls for life
(I just got to say, I just want to say)
Sad girls for life
(I just got to say, I just want to say)

Sad girls for life
(I just got to say, I just want to say)
Sad girls for life
(I just got to say, I just want to say)

I've racked my brain
About a hundred times a day
I'm confused by everything
I've used my means, I'm still uncertain

Waiting, wondering
I guess I'll keep
My fingers crossed
Till I can get an answer

Sad girls for life
(I just got to say, I just want to say)
Sad girls for life

(I just got to say, I just want to say)

Sad girls for life

(I just got to say, I just want to say)

Sad girls for life

(I just got to say, I just want to say)

What's the last thing I said to you

Can't count on anyone but you

Wait, wait, wait

I'll wait here for you

Wait, wait, wait

(What's the last thing I said to you)

(Can't count on anyone but you)

I'll wait here for you

Wait, wait, wait

(What's the last thing I said to you)

(Can't count on anyone but you)

I'll wait here for you

Wait, wait
