Under the neon light, feeling real hype
Right now I do as I like, playing no wife type, living
Life
I want no strife, only fun, and it's just begun
Start off the night in a bar in London

I've often wondered if we could go out, what you're all
About
Stunned by your looks, now you're here, with no doubt
It's weird that you're shy, never look in my eye
Open your mouth wide, fulla clout, always a smile

Don't wanna be more than just friends
I don't know if it's real or if it's just pretend
Don't wanna be more than just friends
I want it to be right and I don't want it to end
Decided then

I buy the drinks, and you lend me ten
Sit by your side and you recommend this club called
The
End
So we move slowly, gentle the flow
Putting my arm around you, so easy to know
Giving no false pretenses, still a true a gent though
I could grow into giving you love, I tell you so
Plus you'd never bug me, all emotion is free
Don't have to think before I speak, and wonder how you
Receive me

Don't wanna be more than just friends
I don't know if it's real or if it's just pretend
Don't wanna be more than just friends
I want it to be right and I don't want it to end
Decided then

I don't want to be more than just friends
I don't want to be more than just friends...

I used to be confused used to rude pseudo love
Though I knew there were more true feelings to explore

Walking out his door emotionally poor
Played his whore though he saw
He could not have felt me

Cold like ice pure naivety
Wanted it to be spiritually right
Knew he'd never hold nor love me tight
Now check the insight
I need to be sure before I give it up tonight
