Just you wait/it'll come around  
It always does/don't you worry  
Hold on tight/keep a calm  
Don't be fooled/don't be alarmed

They say Good things come to those who wait  
But I've been waiting  
Oh such a long time

I'm gonna get what's mine  
I'm gonna get What's mine  
You can't pull the wool over my eyes  
I'm gonna get what's mine  
No time to lose

Yes I've been hesitant/I've been/hesitant  
But my history/It gives me strength  
I'm better than before

The days Were passing by while I was with you  
We were wrong together/Don't you see  
Now I've got to think/about me

I'm gonna get what's mine  
I'm gonna get What's mine  
You can't pull the wool over my eyes  
I'm gonna get what's mine

It's too easy despising another for what you hate in  
your life  
Fighting your people instead of using insight  
Wise eyes identify why/wise eyes look away sometimes  
Curbed from the day I was born/need to perform/torn  
Raw energy like a storm/keeping on form  
Worn down by the definite day to day pressure  
Didn't you think I would try and get better

I'm gonna get what's mine  
I'm gonna get  
What's mine  
You can't pull the wool over my eyes

I'm gonna get what's mine  
No time to lose

My firm ambition is my ammunition  
I'm dissin' on those time wasters that never listen  
I'm on a mission/lyrics lick like kissing  
So sly I'm hissing/frisky renditions issuing my skills  
I'm flippin' sick of sitting still/Waiting for those fake  
money makers to get real/It'll build in steal/my will and  
way is my fortune  
I'm dishing up my mind in mighty large portions  
Call me the magical one/born Ellie Lawson  
My form dawning on the scene so what with caution  
Gonna break it down to ya just like this  
Every time coming through to the brightness
