I used to be an empty shell,  
a heavy heart,  
so hard to tell the love I had inside.  
I'd run away from anyone  
who got too close, who came on strong.  
I wasn't  
Everything seems so different now,  
'cause baby you, you got into my heart somehow.  
And...

chorus:

I will never be the same,  
because your love has turned my world around.  
Now I can dance right through the rain.  
You give me strength to get my feet back on the  
ground.  
And now everything has changed,  
and I will never be the same.

I'd let it go; I'd let you in.  
I tried to lose, you let me win.  
You saw when I was blind.  
Now I'm feelin' understood.  
I faced my fears, it came out good.  
I even laughed sometimes.  
I thought that I would never love again.  
You showed me how, how to find myself.  
And still...

chorus:

I will never be the same,  
because your love has turned my world around.  
Now I can dance right through the rain.  
You give me strength to get my feet back on the  
ground.  
And now everything has changed,  
and I will never be the same.

(?) They will never be together, (?)  
keeps on getting better all the time.  
Just maybe this time it's forever,

gonna leave that stormy weather behind.

chorus:

I will never be the same,

because your love has turned my world around.

Now I can dance right through the rain.

You give me strength to get my feet back on the  
ground.

And now everything has changed,

and I will never be the same.
