Waiting for some dream lover like a great Gatsby
And then I look in the mirror and it's only me
And hey now baby what's on your mind
Do you ride on ancient ships under doctor Ekelbergs
eyes to heaven
Ticket nineteen twenty seven
Hey baby I think you break hearts like an ice man

You know too many pictures gonna make you feel sad
Gonna make you think of all the good times
You thought you never had
And hey no baby use to follow you home
Hold on to you at dancing school and call you on the
phone forever
But now your world begins with never
Hey baby you can't even feel I'm breathless
