Little miss lady luck  
A diamond in the rough  
She took a ride into the big bad city  
Where she met this broÃƒfÃ, '  
Sweet talking Romeo  
Who stole her dreams and promised her the moon

She had a heart as pure as gold  
But love makes blind  
And stirs the soul  
He took her round downtown  
Spellbound her to the sound of a young heart breaking  
Now she wants to get away  
But she can't let go  
Cause every minute's like another day  
And the pain still grows

Love divides you  
Blinds your vision  
And you're stuck in between  
A love and a fiction  
It's a game of give and take  
It's a road that leads to heartache

She makes the perfect wife  
Does her nine to five  
Feeds the kids and sends them off to school  
She turns another page  
In her four wall cage  
While she's feeling like she's some kind of fool  
She's getting tired of being pushed around  
There must be more to life  
Than what she'd found  
And as she walks out the door  
She wishes that everything could be like before

She's at the point of giving up  
When the light turns red  
She decided she'd had enough  
And calls it quits

Chorus

It's a struggle babe  
Yes it is  
Where do you run to girl

Solo

And now nobody's gonna stop her  
No one's gonna stand in her way  
Nothing in this world  
Nothing's gonna make her stay

Chorus
