I see you hangin' with another guy
See you livin' out another lie
Then you're fadin' vaguely from my side
Into the night...

The adrenalin is burnin' like wild fire
Knowin' that we share the same desire
And you cheat on me, girl, I'm just the same
And I won't live without if I can live within it, and so the
story goes...

This is my confession
My heart is split in two
The weakness of the flesh
Make us do the things we do
In the crime of passion
I'm as guilty as you

You play me out you know I can't resist
You run the game I gladly run the risk, ooh baby
Unfaithfully invade a stranger's bed
It's a game that we play, don't need a cover, need no
alibi

This is my confession
My heart is split in two
The weakness of the flesh
Make us do the things we do
In the crime of passion
I'm as guilty as you

Two little infidels a passionate relation
Using our expertise in sin
The two of us just make the perfect combination
Heart to heart, girl, skin on skin

This is my confession
My heart is split in two
The weakness of the flesh
Make us do the things we do
In the crime of passion

I'm as guilty as you

This is my confession
My heart is split in two
The weakness of the flesh
Make us do the things we do
In the crime of passion
I'm as guilty as you
I'm as guilty as you...
