Ride!
They came at dawn
Into the morning light
Black shadows riding on the mist
Prepared for battle
Swords were shining bright
Filled with anger and harm
Came to kill and not to charm

The sound of metal
Screaming in the air
The rime has come where justice rules
The endless victims
Looking up in fear
Now who were the fools

Oh, here they come
Riders of the sun
And they'll fight
Back to back
Back to back

They're fighting hard

Their way of victory
Dead bodies lying on the ground
They are the soldiers of eternity
And their swords spinning around

Chorus

They're fighting with power
Ready to ride
Let's go

They got it all
They'll never fall
But they will fight

The night is falling
Light will disappear
A magic silence fills the place

Could read the warning
Shining crystal clear
Now they were lost for the chase

No, no, no, no
