As the night turns everything black  
human fearÃfÂ,'ll come creeping back  
tear apart your desperate fright  
but as a rescue city light  
glimpse of neon hits your eyes  
while you get beaten by violent guys  
sound of sirens throught the night  
but as a rescue city light  
Chorus:  
If bloodÃfÂ,'s the answer to darkness pain  
no one will ever walk the streets again  
has told the cops about that dreadful night  
but as a rescue city light  
Are you hurt some voices mutter  
as your blood runs down the gutter  
someone saw a face through the night  
but as a rescue city light  
darkness melt before my eyes  
as the last bit of witchcraft dies  
killed this nightmare to giant sighs  
but as a rescue city light  
Chorus  
As the morning reaches a point of greed  
voices of horror reject my plea

a grand explosion of human fright  
but as a rescue morning light  
had it all been a game in my mind  
a search for thrills that you cannot find  
how much more can you stand these nights  
but as a rescue morning light  
Chorus
