Take a little trip with me
Let your spirits wander free
I'll free you from reality
I can take you there
Let me be your Peter Pan
Take you of to Never land
Make you feel like Superman
Make you feel aware

Ignite you
Excite you
The sails are set for

Destination Paradise, kiss the sky
Flying high tonight
On the wings of a dream
Sail away, leave today
In a sea of light
And flow with the stream
Once we've made friends
Don't pretend that we won't meet again
I will be tied to your tracks

I can change your attitude
Sweeten up the bitter fruit
Let me put a spell on you
For a little while
You'll be safe in my control

I got you in a stranglehold
I'll free your mind and steal your soul
I can make you smile

Destination Paradise, kiss the sky
Flying high tonight
On the wings of a dream
Sail away, leave today
In a sea of light
And flow with the stream
If you want more
I'll be there at the end of the straw
I'm your drug, I'm a rock

Cut me up take me in - Take me

Now they say you're sugar free
Won't you drop a line for me
And how is your morality
Now that you've come clean
Do you still have confidence
Can you face the consequence
Don't you see it never ends
It's still the same old scene

I beg you, won't let you go

Chorus
