I see the stars are falling down from the sky

in the summerheat

but I don't know the reason why

maybe that's conceit

but I can hear the flowers grow

in the pouring rain

don't ask me why 'cause I don't know

am I going insane

Is this a dream or reality

I don't know what is going on now

is this a nightmare please tell me

where do I belong

Chorus:

Just a fantasy

Just a fantasy

Just a fantasy

Just a fantasy

Now I feel like a burning fire

growing stronger and stronger

telling people their desire

but they ain't got none any longer

I feel like sitting on a purple sky

riding on the wind

flying low and flying high

again and again

Is this a dream or reality

I don't know what is going on now

Is this a nightmare please please tell me

where do I belong
