No cure for the broken hearted  
no hope for the lonely one  
now baby ever since we parted  
I played a game that  
can't be won

But I still believe in love  
cause I know it does exits  
have you ever tried to need  
someone  
have you ever tried to feel  
a love like this

I know I had my misdemeanours  
here I am to count the cost  
you say there's a world between us  
that I'm one that you just can't  
trust

me make it up to you  
just gimme one more try  
cause I'm drowning in this  
lonelines  
and my spirit slowly dies

If it can't be love  
if you won't let me into heaven  
again  
girl I want you to  
stay by my side  
what does it take to be forgiven  
my friend  
where did I go wrong  
I gave too little  
and expected too much  
I wanna die in your arms  
I can't get by without the feel of  
your touch

One million little love affairs  
babe  
still the thorn stuck in your side

I promise you I really swear girl  
that part of me is a part of my  
life

Can I ever break the walls  
the fortress around your heart  
cause there's no meaning to it all  
when love is torn apart

[Chorus]

And every poisoned word that  
has been said the reason to  
regret  
love is stronger than death

Let's talk it over let the good  
times begin let's just get closer  
baby  
skin on skin till the end

[Chorus]
