I sense, I feel
A love so mighty real
Intense
The strength of unity, oh

I kiss, I touch
Obey to all my lust for you

We'll never let it slip away
Let this feeling go
You know our star will never fade
Will never lose the glow
We let our hearts and souls
Engage eternally
Into infinity

You shine, your bliss
Eclipse the loneliness
And the scent of beauty fills the room
This sweet abounding grace
Confides my truly faith in you

We'll never let it slip away
Let this feeling go
You know our star will never fade
Will never lose the glow
We let our hearts and souls
Engage eternally
Into infinity

This love is shining brighter than a thousand suns
Now nothing can divide us or change the path we're on

I feel, touch
Obey to lust

We'll never let it slip away
Let this feeling go
You know our star will never fade
Will never lose the glow
We let our hearts and souls

Engage eternally
Into infinity, oh
Infinity, oh

Never let it slip away
